

## From the Editor

Dear colleagues and dear readers,  
It is with great pleasure that I am presenting you this 75<sup>th</sup> issue of the Management journal, our second issue in the 2015 calendar year. Here you will find eight new articles submitted by authors from this country and from abroad. I would like to point out that, since the previous issue, we resumed the review column which brings accounts on the latest published works in the area of management. Let me also take this opportunity to inform you of the encouraging data received from the EBSCO databases about an increase in the number of retrieved and cited articles published in the last couple of issues of our journal. We do hope that this has been due to continuous efforts of our editorial staff oriented towards raising the quality of the selected and published papers. On this occasion I also would like to express my gratitude to our reviewers whose dedicated work and suggestions certainly improved the quality of the articles published in the journal. We are looking forward to the new, autumn issue and until then, I wish you a good time during the summer months before us and a pleasant holiday.

Very truly yours,  
**Prof.dr Aleksandar Marković,**  
Editor-in-chief
